**Psalms
139:13-16**

Learning about Temperament Therapy tells us that only God knew with His infinite wisdom what temperament was needed for our soul (mind, will, emotions), to function within certain gifts, to do what we are called to do. It enables us to prosper and be in good health, so we would be effective vessels to teach others how to effectively lead others, to the glory of God!

1. **Melancholy** - has an unquenchable thirst for knowledge, prone to genius, very creative, mind tends to work overtime, going over and over events of the past, needs alone time to regenerate, introvert, always seeking knowledge and wisdom, ability to see the end of a task or situation before they begin. Fear of the unknown causes them to procrastinate.
2. **Sanguine** - fun, loving, will leave in the middle of a chore or assignment if they find out there is something fun going on somewhere, never wants to grow up, stressed out if there are not places to go and people to see.
3. **Choleric** - a drive to greatness, but will stomp on your toes to get there, needs lots of appreciation along the way. Sharp and keen insight, quick and intuitive in accomplishing task, they have a great need for control and recognition.
4. **Phlegmatic** - quite stubborn and set in their ways, uncomfortable with confrontation and seeks peace at all cost to avoid strife, feels they need sleep to regroup, but never get enough, very annoying to the Choleric as this is the one temperament that cannot be coerced into doing something if they don't want to.
5. **Supine** - one who loves to do things for people and enjoys people, but is very indirect and shy about letting this be known.

These classes are taught in this school and our Bible College. Please inquire for more information.
