

Bethesda Youth Ministry (BYM)

Goals & Objectives

To steer youth (7th-12th graders) (includes adults beginning faith walk), and young adults (18-35) into the correct field of training upon the discovery of their gifts, talents and natural abilities. Assisting with choosing the appropriate place that will continue them in their training process after 12th grade. Whether it is college, university, technical or vocational school. The idea is to help guide them and continue to move them in the right direction with the necessary spiritual and financial assistance.
